# Foreword

This unusual offering to the public of the "Original" Celebrated Grinnell Collection of United States Paper Currency warrants a few apropos remarks regarding the extent of Mr. Grinnell's endeavor to form what is generally regarded as the most complete series of our National Paper Currency ever to be brought together into one vast collection.

While he was an ardent student of Numismatics for a great number of years, his preference for United States coinage was notable and it was his particular desire to complete if possible the Paper Money Series for the Collection. Seeking to accomplish this almost impossible task led to an intensified effort on his part in the last two decades, during which period he spared neither time nor expense to realize his lifetime ambition.

How well he succeeded can be gleaned from the fact that with a few exceptions, the entire series is now complete and the Collection is unsurpassed. No other Collection of notes, so complete, exists and it is highly improbable that a similar collection will ever again be offered at Public Auction or Private Sale.

It is difficult to conceive the magnitude of this magnificent Collection, therefore, it would be futile to attempt to enumerate the many rare and desirable specimens contained therein in any preface. However, it will suffice to add that this presents perhaps the only opportunity to secure specimens of notes which heretofore were regarded impossible to acquire.

This catalogue will comprise the fourth section of Mr. Grinnell's vast Collection. In it we shall endeavor to furnish valuable historical information pertaining to each series of the various issues so the Catalogue may be a fitting testimonial to Mr. Albert A. Grinnell for his truly monumental efforts and a lasting contribution to Numismatics. We sincerely hope everyone who receives this Catalogue will appreciate its potential value as a permanent record of the finest Collection of this kind ever sold at Public Auction.

The acquisition of any specimen from this superb collection should afford a great deal of satisfaction to its new owner for many of the notes are "unique" and hitherto unobtainable at any price. Therefore, we urge that you read the terms of the Sale carefully then check all items which may be of interest, and prepare your bids at once for this is a matter of "priority" which is most important.

We invite your liberal patronage for this great sale with the assurance that all commissions will be executed most faithfully.

Numismatically yours,

BARNEY BLUESTONE.

# *A* GREAT NUMISMATIST

---

Mere words alone would be futile to adequately describe the great character of Albert A. Grinnell, whose world famous Collection of United States Paper Currency is herein being offered for sale at public auction in accordance with his express desire, "That others who may have a kindred interest share in each case the great pleasure which the acquiring of each of them has given to me." This is typical of Mr. Grinnell who has always been most liberal minded in all transactions.

His prominence as a Numismatist is attested by the fact that he is loved and admired by hundreds of the Collecting Fraternity. His deep interest in this subject is nationally known for he has always been active in the affairs of the American Numismatic Association of which he is Life Member No. 20. For many years he attended the A.N.A. Conventions where his exhibits have always been of outstanding interest.

He was a founder of the Detroit Coin Club and served as its second president. At the 400th meeting of that Club in 1941, he was presented with a large gold medal bearing his likeness, in recognition of his meritorious contribution to numismatic science. Similar recognition was bestowed upon him by the Odd Fellows Lodge at Oakfield, N. Y. for fifty years of active membership. His Masonic Lodge in Batavia, N. Y., bestowed upon him the same honor for a half century of splendid service.

Although he has been established in Detroit for the past thirty-four years, his early life was spent in New York State. Mr. Grinnell is a native New Yorker, having been born June 12, 1865, in the town of Shelby, Orleans County, where his father conducted a general store. It was here at the tender age of eleven that he manifested his first interest in numismatics. At the close of each day his father would empty the contents of the till, and usually young Albert showed keen interest in any shiny new coins which he saw among the day's

receipts. No doubt many of these he acquired for his collection.

After his early training at home, he later completed his education at the Rochester Business College graduating with high honors. With his sheepskin tucked under his arm, young Grinnell departed to launch upon his business career. However, he paused long enough to be married to his boyhood sweetheart, Miss Helen A. Avery, in 1888. She was thereafter his constant companion and inspired him to success until her untimely demise in 1931.

His first business venture was the establishment of the Grinnell Retail Coal and Lumber Yard at Oakfield, N. Y. His genial disposition coupled with fair dealing was soon reflected in the success of this enterprise and it was not long before he branched out into other fields. Several years later, Mr. Grinnell had developed a successful business by building the large grain elevators and warehouses for the handling of farm products. After many years of handling this great enterprise, he finally moved to Detroit in 1910 to become affiliated with Grinnell Brothers Music House. Later when the company was incorporated, he became Vice-President and afterward President, which office he held until retirement.

Devoting many years of his life to the accomplishment of acquiring the finest and most complete collection of U. S. Paper Currency as Mr. Grinnell did, sparing neither time nor expense in obtaining the finest specimens only, has made this offering possible. This commendable undertaking at its successful culmination can be best realized after a careful study of the contents of this catalogue.

The privilege of cataloguing a collection of such vast importance is indeed a rare pleasure and I feel singularly honored in being selected by Mr. Grinnell to disperse this marvelous collection in a fitting manner so that all interested may be properly served.

Numismatically yours,

BARNEY BLUESTONE.

## UNITED STATES PAPER CURRENCY

The largest and most complete collection of United States Paper Currency ever offered at public auction. Including some of the greatest rarities, many of which are unique and in a number of instances but one other of its type being known. Many of these notes are excessively rare in any condition but in superb state of preservation such as are many of the specimens herein offered, it is doubtful if a similar opportunity will ever again present itself.

## NATIONAL BANK NOTES

The collection herein offered consists of over 750 notes, all issued by banks in the state of New York which was Mr. Grinnell's home state. The names of the banks are arranged alphabetically except New York City which is offered in the latter part of this catalogue.

Representing nearly 300 cities, this is no doubt the largest collection of notes of New York State known. This section of the vast Grinnell collection will appeal particularly to those interested in the notes of the Empire State and affords an unusual opportunity to select notes of their favorite banks. Included are some great rarities, many in choice condition, a number of which probably were not hitherto known to exist.

This and the next two sales to follow will offer Mr. Grinnell's entire collection of National Bank Notes which is by far the largest and most extensive ever assembled by any individual. ## NATIONAL STATE NOTES

---

The following section of the famous Grinnell Collection of National Bank Notes is an outstanding series representing every State in the Union. Arranged alphabetically, and including many great rarities never before offered, among which are excessively rare Territorial notes seldom obtainable at any price.

Of special interest are two notes of Utah Territory, the \$1.00 and \$2.00 denominations both of which are signed by Brigham Young. Other choice items are notes of the District of Columbia, Alaska, Hawaii and Porto Rico.

It is highly improbable that another collection of this magnitude will ever again be available. Truly then, this is the "opportunity of a lifetime" and the acquisition of any of these choice notes will provide an unusual thrill of delight to even the most discriminating collector.
